EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Schneider on May 25, 2006.

The application has been amended as follows:

In claim 89, line 3, delete "comprising" and insert – consisting --.

In claim 94, line 2, delete "consisting of the group selected" and insert – selected from the group consisting of --.

2. The following is an examiner's statement of reasons for allowance: the closest prior art of record is listed on the PTO-892 and PTO-1449. The present claims distinguish over the prior art of record in that the combination of the claimed hydrophobic plant oil extract, carotenoid and thermal stabilizer is not taught in a resid fuel composition nor is the combination taught as an additive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
